Full details of our obligations are outlined within our Consumer General Terms & Conditions, clause 39.

If you are within your minimum contract term period and have a valid reason to terminate our agreement prior to the contract end date, you may do so without incurring an early termination charge for the provision of affected services. If this applies, you will be able to cancel your affected contract up to and including 31st May 2024. Charges will be backdated to 1st April 2024, the date on which the new rates applied.
